

Fact sheet

Zeolite MED[®] skin cream for dry skin

ZEOLITE – THE CLASSIC DETOX PRO REGENERATION CREAM FOR NATURAL SKIN CARE FOR DRY SKIN

Our zeolite skin cream has been developed based on natural ingredients in order to effectively support the natural regeneration process of dry skin. The classic detoxification specialist zeolite is supplemented with valuable jojoba oil, natural vitamins A and E, squalane, cocoa butter, urea, and sea salt. We do not use any ingredients that are obtained from crude oil.

Zeolite MED skin cream for dry skin is skin care that supports regeneration from the outside so that the skin stays balanced in order to better help and protect itself.

CONTENT AND PACKAGING

100 ml of zeolite skin cream in a tube with a flip top cap, no outer packaging, manufactured according to German cosmetics regulations.

USE AND DOSAGE

Apply a thin layer of zeolite cream and lightly massage into the skin several times daily as necessary. Avoid contact with eyes. In case of contact with eyes, rinse with plenty of water and contact a doctor if necessary.

INGREDIENTS

Zeolite, plant-based glycerin, cocoa butter, squalane, jojoba oil, natural vitamin A + E, urea, sea salt

PROPERTIES

Activated, natural clinoptilolite-**zeolite** supports regeneration by its harmful substance-binding properties. **Glycerin** is a moisturizer.

EXPLANATION OF INGREDIENTS

AQUA	Water – base ingredient
ZEOLITE	Zeolite – active substance, natural mineral, binds harmful substance, antiviral, antibacterial, anti-inflammatory
CAPRYLIC/CAPRIC TRIGLYCERIDE	Skincare product, plant-based, solvent, makes the skin smooth and soft, dispersing agent
GLYCERIN	active substance, solubilising agent, moisture preserving, softens the skin, has the ability to attract water, component of the skin's own moisturising mechanism
ACACIA DECURRENS/JOJOBA/SUNFLOWER SEED WAX/POLYGLYCERYL-3 ESTERS	Jojoba – nourishing substance from plant oils, makes the skin supple and smooths it
POLYGLYCERYL-3 METHYLGLUCOSE DISTEARATE	emulsifier, regulates viscosity, stimulates formation of close mixing immiscible liquids by changing their interfacial tension
THEOBROMA CACAO (COCOA) SEED BUTTER	Consistency enhancer (cocoa butter), very skin-friendly, penetrates the skin well, makes the skin smooth and soft
POLYGLYCERYL-6 DISTEARATE	emulsifier, stimulates formation of close mixing immiscible liquids by changing their interfacial tension

Cocoa butter absorbs very quickly into the skin, nourishes and leaves behind a velvety skin feeling. Squalane makes the skin supple and smooths it. **Jojoba oil** has very nourishing skin properties, lightly penetrates, and regulates the moisture balance of the skin through excellent deep action. **Vitamin A** protects from free radicals and skin damage caused by light. Natural **Vitamin E** protects the skin from premature skin aging caused by light. **Sea salt** promotes healing and skin-firming. **Urea** nourishes the skin, moisturizes and promotes healing.

STORAGE

Store in a dry place below 30°C, keep away from sunlight.

INGREDIENTS

AQUA, ZEOLITE, CAPRYLIC/CAPRIC TRIGLYCERIDE, GLYCERIN, ACACIA DECURRENS/JOJOBA/SUNFLOWER SEED WAX POLYGLYCERYL-3 ESTERS, POLYGLYCERYL-3 METHYLGLUCOSE DISTEARATE, THEOBROMA CACAO (COCOA) SEED BUTTER, SORBITOL, POLYGLYCERYL-6 DISTEARATE, GLYCERYL STEARATE, SQUALANE, SIMMONDSIA CHINENSIS (JOJOBA) SEED OIL, PROPANEDIOL, TOCOPHERYL ACETATE, ALCOHOL, SODIUM LEVULINATE, JOJOBA ESTERS, GLYCERYL CAPRYLATE, SODIUM LACTATE, SODIUM PCA, MARIS SAL, SODIUM ANISATE, CETYL ALCOHOL, POLYGLYCERYL-3 BEESWAX, DEHYDROXANTHAN GUM, XANTHAN GUM, LIMONENE, IRIS FLORENTINA ROOT EXTRACT, CITRIC ACID, CITRAL, RETINYL PALMITATE, CYMBOPOGON SCHOENANTHUS OIL, GLYCINE, ZINC SULFATE, FRUCTOSE, SODIUM BENZOATE, GERANIOL, UREA, NIACINAMIDE, LINALOL, CITRUS AURANTIUM DULCIS (ORANGE) PEEL OIL, INOSITOL, LACTIC ACID, CITRONELLOL.

ZeolithMED®

NATURKOSMETIK

GLYCERYL STEARATE	Skincare product, emulsifier, stimulates formation of close mixing immiscible liquids by changing their interfacial tension, recommendable substance, makes the skin smooth and soft
SIMMONDSIA CHINENSIS (JOJOBA) SEED OIL	Skincare product (jojoba), makes the skin smooth and soft, skin-friendly, penetrates well without leaving a greasy film, rich in minerals, rich in vitamin E, very temperature-resistant, very recommendable substance
SORBITOL	Active substance, plant-based, makes another substance (which can otherwise not be easily formed, applied or used) soft or smooth, keeps the skin in a good condition, retains moisture
BETAINE	Active substance (sugar beet extract), helps even spreading when applying, calms the skin, moisturises
DICAPRYLYL ETHER	Solvent, dissolves other substances
TOCOPHERYL ACETATE	Active substance, antioxidant (vitamin E), helps prevent skin-damaging impacts from external factors. It is absorbed well by the skin, prevents oxidation and protects the skin against the damage potential of free radicals
SODIUM LEVULINATE	Natural salt with antimicrobial properties, mineral, keeps the skin in a good condition, binds moisture
JOJOBA ESTERS	Skincare product (jojoba oil), makes the skin smooth and soft, increases the skin's water content and keeps the skin soft and smooth, helps to soothe discomfort on skin
GLYCERYL CAPRYLATE	Skincare product (fatty substance), plant-based, stimulates formation of close mixing immiscible liquids by changing their interfacial tension, makes the skin smooth and soft, replenishes lipids
XANTHAN GUM	Binding agent, gelling agent, plant-based, increases or decreases the viscosity of cosmetic products, firms the skin
SODIUM ANISATE	Perfume element, antimicrobial, reduces or stops the underlying aroma of the product
CETYL ALCOHOL	Makes the skin smooth and soft, smoothens, dulls, stimulates viscosity.
POLYGLYCERYL-3 BEESWAX	Stimulates formation of close mixing immiscible liquids by changing their interfacial tension
LACTIC ACID	Lactic acid - buffer substance, preserving, binds moisture, stabilises the pH value of cosmetic products, keeps the skin in a good condition, improves the skin's complexion, increases the skin's water content and keeps it soft and smooth, recommendable substance
LIMONENE	Lime extract - fragrance, plant-based, antiseptic, keeps the skin in a good condition, produces a pleasant sensation on the skin, helps to keep the body's surface clean
CITRAL	Fragrance, plant-based, reduces or stops the underlying aroma or taste of the product
CYMBOPOGON SCHOENANTHUS OIL	Fragrance and active ingredient (lemon grass) plant-based, produces a pleasant sensation on the skin, reduces or stops the underlying aroma or taste of the product
GERANIOL	Fragrance, plant-based, reduces or stops the underlying aroma or taste of the product
LINALOOL	geranium oil - fragrance, plant-based, reduces or stops the underlying aroma or taste of the product
CITRUS AURANTIUM DULCIS (ORANGE) PEEL OIL	Orange oil - Fragrance and active ingredient, fungicide, stimulating, produces a pleasant sensation on the skin, bactericidal, antiseptic, anti-inflammatory
CITRONELLOL	citronella oil - fragrance, plant-based, reduces or stops the underlying aroma or taste of the product
CETEARYL ALCOHOL	Skincare product, stabiliser, consistency enhancer, plant-based emulsifier to stabilise and blend liquids, smoothens, dulls, regulates viscosity
SQUALANE	makes the skin supple, replenishes lipids, nourishes skin, improves the absorption properties of cosmetics
PROPANEDIOL	dissolves other substances, increases or reduces the viscosity of cosmetic products
ALCOHOL	inhibits the development of microorganisms in cosmetic products
SODIUM LACTATE	Sodium lactate – stabilizes the pH value of cosmetic products, skin-smoothing, boosts the water content of the skin and keeps it smooth
SODIUM PCA	Sodium salt – antistatic, moisturizing, skin-nourishing
MARIS SAL	Sea salt – skin-firming, keeps the skin in a good condition, promotes healing

ZeolithMED[®]

NATURKOSMETIK

DEHYDROXANTHAN GUM	plant-based, emulsion stabilizing, film-forming, regulates viscosity
IRIS FLORENTINA EXTRACT	Iris rootstock extract – invigorating, produces a pleasant feeling on the skin
CITRIC ACID	Citric acid – chelatbildend, keratolysis, stabilizes the pH value of cosmetic products
RETINYL PALMITATE	Vitamin A palmitate – nourishes skin, promotes collagen formation, protects against skin damage caused by light, cell regenerative, recommended substance, keeps the skin in a good condition, protects from free radicals
GLYCINE	Amino acid – skin-friendly, keeps the skin in a good condition, stabilizes the pH value of skin, moisture preserving
ZINC SULFATE	mineral, antimicrobial
FRUCTOSE	plant-based, moisturizing
SODIUM BENZOATE	inhibits the development of microorganisms in cosmetic products
UREA	Urea – boosts the water content of the skin and keeps it soft and smooth, promotes healing, highly recommended substance
NIACINAMIDE	promotes blood circulation, increases vascular dilatation, aims for an even skin surface by reducing roughness and irregularities
INOSITOL	antistatic, moisturizing
